PROFILE

I am a skilled **Full Stack Developer** with expertise in **.NET technologies, JavaScript frameworks, and database management**. I excel at building scalable, user-centric applications and solving complex challenges with innovative solutions. With strengths in both backend and frontend development, I bring a collaborative mindset and a passion for creating impactful software that exceeds expectations.

EDUCATION

Bachelor's Degree: Computer Application

Dec 2019 – July 2024

La Grande International College - Pokhara, Nepal

- ♦ President of Tech Talk Committee
- ♦ Graduated with Honours
- ♦ Graduated with distinction

EXPERIENCE

Dotnet Developer

Jan 2023 – Feb 2025

Insoft Research & Development - Pokhara, Nepal

- ♦ Worked on backend development using C# and Microsoft SQL Server
- ♦ Utilized SQL Server Management Studio and related tools for efficient database management
- ♦ Optimized end-to-end business flow, developing user acceptance plans to verify solutions against client requirements.
- ♦ Enhanced user experience by implementing intuitive UI designs.

President of Tech Talk Committee

June 2023 – June 2024

La Grande International College - Pokhara, Nepal

- ♦ Led the tech committee, organizing seminars, workshops, and coding competitions
- ♦ Enhanced leadership, organizational, and communication skills
- ♦ Fostered collaboration between students and faculty to strengthen tech initiatives

PROJECTS

Notify App

Asp.Net, Nextjs, MSSQL, Entity Framework

- ♦ Created a centralized platform for managing multiple notification providers and monitoring message status.
- ♦ Reduced initial setup time by over 50% through optimized notification initialization process.
- ♦ Implemented user-specific preferences and delivery methods.

Service Pro Project

Node.js, MongoDB

- ♦ Developed a service management platform for scheduling and tracking services provided by a vendor.
- ♦ Designed RESTful APIs for third-party integrations using Node.js and MongoDB.
- ♦ Ensured a responsive, user-friendly interface design.
